

Kamie Roberts

Director of the National Coordination Office (NCO) for the Networking and Information Technology Research and Development (NITRD) Program
(August 2018 - present)

Ms. Roberts joined the NCO in October 2017 as the Deputy Director. Prior to joining the NITRD NCO Ms. Roberts worked at the National Institute of Standards and Technology (NIST)/Information Technology Laboratory (ITL), where she served as the Associate Director of Federal and Industrial Relations and Chief of Staff for the ITL. She also served an active role in the NITRD Interagency Working Groups (IWGs) and as the NIST NITRD Subcommittee Representative.

While at NIST, Ms. Roberts led the Laboratory outreach program focused on increasing the impact of ITL research. She led the standards liaison team in coordinating national and international IT standards and testing activities internal and external to NIST. Ms. Roberts coordinates student programs ranging from high school interns to summer and full-year undergraduate students. Previously, Ms. Roberts served in a variety of roles, including leading the NIST Health Information Technology Program and the NIST Big Data Program. She has served as acting Laboratory Deputy Director and acting Division Chief of several divisions. Ms. Roberts is active in the Grace Hopper Women in Computing Conference and the Society for the Advancement of Chicanos/Hispanics and Native Americans in Science.

Ms. Roberts earned a Bachelor of Science in Mathematics with a minor in Computer Science from Clarion University of Pennsylvania and a Master of Science in Computer Science from George Washington University.

About the NITRD Program: <https://www.nitrd.gov/about/>

Ms. Roberts succeeds Dr. Bryan Biegel, and becomes the 14th Director for the NITRD Program.
