Anoop Gupta

Anoop Gupta has worked for Microsoft for over 13 years and is currently managing the development team for Microsoft's Technology Policy Group. The team is chartered with identifying and responding to major scientific, cultural, social and business shifts which may have long-term, disruptive effects on Microsoft, our competitors and society at large. By taking a pro-active and intentional approach to these shifts, our team seeks to form thoughtful information, communication and computing policies for Microsoft and the industry as a whole. Included in are efforts around Datacenter Efficiency, Connectivity, and Environmental Sustainability.

Previously Anoop was an Architect for OEM Consulting Services, a senior consultant within Microsoft Consulting Services, and a developer for both the Microsoft Office and Windows Phone teams. He has a BSE in Computer Science from Princeton University and a MS and an MBA from the University of Washington.
