

Large Scale Networking (LSN) Interagency Working Group (IWG)

Workshop on Operationalizing SDN

September 18-20, 2017, Washington D.C.

Workshop Attendees

K.C. Wang, Clemson University

Junaid Zulfiqar, Clemson University

Geddings Barrineau, Clemson University

Wallace Chase, Clemson University

Jim Griffioen, University of Kentucky

Victor Orlikowski, Duke University

Scott Valcourt, U. New Hampshire

Nathan Lewis, Louisiana State University

Robert Kimball, Ciena

Steve Yee, Corsa

Ben Mack-Crane, Corsa

Kyle Forster, Big Switch Networks

Dave Lenrow, CN3

A.J. Ragusa, Indiana U.

Joe Breen, U. Utah

Gi Vania, University of Texas at Dallas

Inder Monga, Esnet

Tom Lehman, Mid-Atlantic Crossroads

Akbar Kara, LEARN Texas

David Reese, CENIC

Marc Bruyere, University of Tokyo

Brad Cowie, University of Waikato

Joyce Lee, NITRD National Coordination Office

Russell Bryant, RedHat

Niky Riga, Facebook

Rick McGeer, US Ignite

Manouch Khezri, Volta Networks

Sudhir Modali, Pica8

Sergio Rivera, U. Kentucky

Eric Boyd, U. Michigan

Dewang Gedia, University of Colorado
Boulder (UC Boulder)

Rahil Gandotra, UC Boulder

Levi Perigo, UC Boulder

David Tennenhouse, VMware

Paul Ruth, RENC1

Ilya Baldin, RENC1

Chip Elliott, Raytheon BBN

Kate Keahey, U. Chicago

Danda Rawat, Howard University

Jack Brassil, National Science Foundation

David Stern, Defense Information Systems
Agency

Greg Ross, SPAWAR Charleston

Ron Hutchins, U. Virginia

Sujata Banerjee, VMware

Karen Davis, Level3

Kevin Thompson, NSF

Richard Carlson, DOE

Jonathan Smith, U. Penn

Robert Bonneau, ASD/ISCT

Andrew Rogers, Enterprise Center

Malathi Veeraraghavan, U. Virginia

Jeff Petersen, EntryPoint

Raj Kettimuthu, Argonne National
Laboratory

Sean Donovan, Georgia Institute of
Technology

Julio Ibaraz, Florida International University

John Moore, Internet2

Joe Mambretti, iCAIR
