JET Meeting
July 17, 2018
12 - 2 PM EDT

*National Coordination Office for Networking and Information Technology R&D (NCO/NITRD)
490 L'Enfant Plaza SW, Suite 8001 (8th floor)
Washington, DC 20024*

WebEx Access: See end of the Agenda
Teleconference Number: 1 866 705 1950
Access Code: 6705300

Attending in person
- All participants in meetings at the NCO are requested to RSVP (meetings@nitrd.gov or 202 459-9677) at least 24 hours prior to the meeting.
- Sign in upon arrival and show a valid photo ID
- The NCO will provide a badge that must be worn while at the NCO

Agenda
1) Agenda adjustments

2a) Action Items (new)
- Are folks planning to drop by during the JET July and August meetings? Otherwise they can be deemed virtual until the September in-person meeting, and the issue revisited at that time.
  o After evaluating the e-mail replies to this question the JET meetings will remain with a meeting room at the NCO supported by WebEx and a telephone bridge
- Are security folks in JET members' respective organizations interested in discussing infrastructure security issues at the national level through a separate JET forum or setting aside time during JET meetings? Also, please identify any existing forums your organization knows of that currently serves this purpose. Please note that discussions would not focus on the policy issue of should such security be deployed (outside of JET's scope). JET discussions would be addressing how these functions/services are being deployed, debugged, and integrated into the normal NOC operation.

2b) Action Items (carry over)
- NORDUnet to share how it is doing spectrum sharing with its members
- ESnet to possibly brief the JET on the work to date of the design of the ESnet6 management network

3) Minutes from the June 2018 meeting of the JET – Paul Love/Joyce Lee

4) Round Tables:
- Networks
- Exchange Points
